### Variety:

- Viura y Malvasía from our oldest vineyards.

### Production:

- Grape fermented in steel tanks at 17 °C.

### Tasting Note:

- Its colour is pale yellow with greenish straw shades and tones of ripe lemon. Clean and bright with release of fine bubbles.
- In the nose clean aroma of fruits and white flowers appears gradually and elegantly. It is definitely a lively and fresh wine, sweet and balanced with wide and tasty persistence

### Recommended Temperature to serve::

- 7°C/10°C
